

Joseph Marino/Represented by  (843) 364-6134

CAREER HIGHLIGHTS

- Engaging weather presentation skills in studio and on live locations.
- Strong storm chasing skills to bring the weather to the viewer.
- Problem-solving teammate helping set the tone for entire shift.
- Leads by example and takes on roles outside of daily weather duties.
- Strongly connected to the community.

BROADCASTING EXPERIENCE

Morning Meteorologist
WTVO/WQRF-TV, Rockford, IL
December 2018 to Present

- Provide engaging weather content from 5am-9am, changing weather story as the morning progresses.
- Instrumental in adding storm chasing as a new element to severe weather coverage and bringing live field coverage of storms. Broadcast live images and coverage of Creston tornado (EF-0), Sycamore tornado (EF-1), and Southern Winnebago tornado (EF-0).
- Set up weekly live shots for co-anchors and meteorologists to help expand the reach of the morning newscast and connect with viewers. Focused locations on seasonal events like hockey home opener, FrightFest, and Williams Tree Farm.
- Continued to update forecast graphics to engage and inform the viewer, focusing on the big story of the day and how it impacts viewers.
- Created “Kidcaster” segment every Friday. Students, grades 2-6, assist with the forecast in the studio.
- Recap storm chases and live shots from the morning for later newscasts.
- Host on-air “Pet of the Week” and “Friday Trivia” segments.
- Strongly connected to the community working with events and fundraisers throughout the year, such as emceeing the Festa Italiana and Rockford Remedies Gala.

Weather Intern
WGAL-TV, Lancaster, PA
May 2016 to August 2016

- Learned and mastered MAX weather graphics.
- Assisted meteorologists during active weather days.
- Worked with each shift to understand all aspects of broadcast meteorology.

- Helped update WGLA Storm Team's social media pages.
